Mt. Miguel Faces Classroom Shortage

"We're discovering how the old women in the shoe must have felt," Melvin C. Grant, principal of Mount Miguel High School, said grimly when discussing the school's enrollment problems.

Continuing, he emphasized. "Our total enrollment will jump from the current figure of 2,188 students this year to 2,652 by September, 1969. Just where do you put that many youngsters on a campus that was planned to house a maximum of 1,844 students"?

All figures assembled by the school point to a bulging enrollment of 2,480 students this September. Even with maximum use of all rooms throughout the day, according to Grant, there will be a shortage of six classrooms.

Other measures are now being considered for the 1967-68 school year in an effort to relieve the classroom squeeze: scheduling of a class in the foyer of the gym; scheduling of academic classes in lab and shop areas; dropping classes with small enrollments; and eliminating the services of the English clinic which has been a campus offering for five years.

"Ninth grade athletics will be scheduled before the regular school day next fall in an attempt," Grant said, "to relieve the crush of bodies in the boys' physical education facilities."

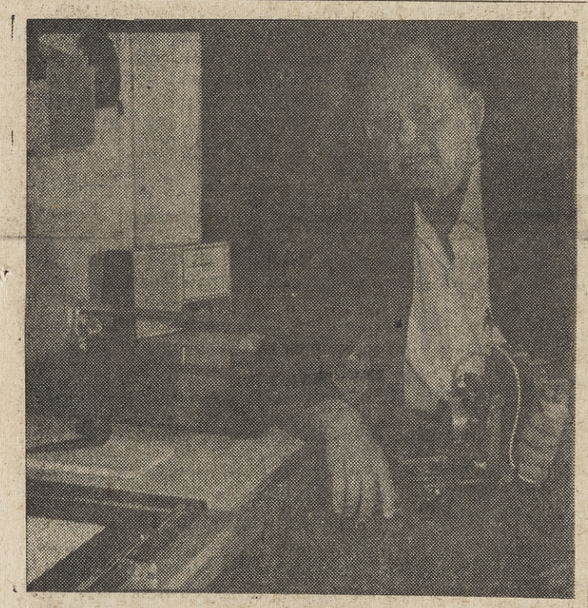
One of the projects scheduled for Mount Miguel upon passage of the April 18 bond election is construction of a multi-story classroom library complex of 22,440 square feet which will have a shelving capacity of 5,000 volumns.

"When Miguel was built," Grant explained, "the American Library Association minimum standards stressed providing two book per student. That figure now is 10-15 books per student. That means that our need will be 10 times as great as it is at present—just to meet minimum standards."

He went on to say that the school is going into the multi-story concept because there is no longer any area remaining for the wing-type structure that now exists. The current library will then be converted into classrooms.

"Should the bond issue fail," he said, "it could mean that monies to provide for these needs would have to come from current operating expenses just to exist; in essence, this would be taking money from other student classroom needs."

As principals in other schools faced with critical enrollment needs indicated, he also said that failure of the bond issue could result in changed boundaries, double sessions, or the use of tents.



NEWCOMER — Harvey Glatstein, professional photographer, explains the technical advantages of his Linhoff camera which he uses for a large amount of specialized photography. Located at 3466 Main, Glatstein settled on Lemon Grove after an extended tour of the western states. According to Harvey, ". . . it's the best I've seen." Glatstein and his wife Lillian left Cincinnati, Ohio in November and settled in LG in December. A veteran of 30 years in architectural and illustrative photography, Harvey is familiar with the newest color printing techniques and remembers the days when pictures were made on glass plates.

Youthful Autoist Menaces Teachers on Schoolgrounds

Juvenile authorities are holding a Lemon Grove 14-year old youth who drove his mother's station wagon onto Palm Junior high school at a high rate of speed, narrowly missing two teachers and a custodian who tried to stop him.

The youth, following an argument with his mother at about 9 a.m. Friday, took the family station wagon without her knowledge or consent and proceeded to Palm Junior High school by a round-about route. During the drive he side-swiped the auto of Ernie Dewey, of 1940 Washington ave. Dewey followed the youth north on Washington after Dewey said the boy ran a stop at Mt. Vernon and Washington at which time his car scraped the front fender of Dewey's car.

The boy is said to have then run the stop at Palm and Washington at a high rate of speed, continuing to Adams st. where he executed a fast U-turn and skidded into a utility pole.

He then forced Dewey's car onto a lawn as he headed back toward Palm st. on the wrong side of the street. He skidded onto Palm from Washington intersection and headed eas toward Palm Junior high school.

Hal Brogan, principal at Palm Junior high said the youth entered the playground at approximately 9:05 a.m. Custodian Herb Stobs attempted to stop the boy and was narrowly missed being run down. Principal Brogan instructed his students over the school intercom to stay indoors and then notified police.

Meanwhile, Plato Araposta this and James Dunwoody both teachers, attempted to stop the car. They too, narrowly missed being run down. The car hit the side of the school building scarring the stucco wall several feet.

The youth fled through a field east of the school onto Sweetwater rd. as police responded.

He evaded Sheriff's Deputies and California Highway Patrol officers and drove to Norwalk, 90 miles north of San Diego, where he was taken into custody.

The boy was in possession of a butcher knife but there was no indication that he intended to use it.

'Bomb' Scare Is Firecracker On Vista Dr.

A "bomb" which police say was a firecracker, was the latest in a series of incidents plaguing residents of Vista dr., Spring Valley.

The firecracker was tossed in the driveway of the home of Edward F. Anderson, 9345 Vista dr. about 8:40 o'clock Tuesday night. Neighbors had reported it as a bomb.

Saturday, John B. Shinn, of 9332 Vista dr., was assaulted by two youthful assailants.

Sheriff's deputies have tracked the car used by the assailant to Hollister, California. The investigation is still underway.

Recently, the sheriff responded to residents in the Vista dr. area who asked that youthful motorcyclists be put under noise and congregation control.

The assault on Shinn and the firecracker incident are the latest events suspected to be an outgrowth of an abate the nuisance notice issued by the district attorney's office against a property on Vista dr.

Public Opinion Sampling Vowed

W. J. Dawsey, an industrial engineer who profises to take samplings of public opinion on every school district major issue, is a candidate for the Grossmont Union High School and Junior College board of trustees.

Dawsey, who lives at 9394 DeCamp drive, La Mesa, has lived in the district 12 years.

"We call it random sampling in industrial engineering and it is a standard industrial engineering technique", he said. Dawsey is employed by Convair.

"Some of the friends who asked me to make the race have agreed to contact strangers for me when major issues are to be decided upon. In this manner the lines of communication can be kept open between the electorate and the trustees. My opponents have become so remote they do not represent the public at all," Dawsey said.

No Communists

"There won't be any communists on campus without a battle when I am elected," Dawsey said. "The two members who voted to allow Reds on Grossmont campus alienated many school supporters, in addition to giving comfort to the Reds in America."

Dump Fee Law OK'd

SAN DIEGO (CNA)—County Supervisors Tuesday approved the ordinance that will enable them to charge fees at county dirtfill dumps without referring to complaints.

It is believed, however, that complaints are plentiful.

The ordinance was not implemented at Tuesday' except to approve a credit card system for municipalities and commercial haulers. Rates will vary from 25c a visit for a private car to $10 for a heavy truck.

Turn About Fair Play?

SAN DIEGO (CNA) — When William Marcene Crawford, 55, of Chula Vista, was arrested by a San Diego policeman on Dec. 8, 1966, he had this to say:

"Don't shoot. I'm drunker than hell. I took this car from the police station. The police are always taking something from me so I thought I'd take something from them for a change. I've had five or six drinks and two half-pints of whisey.

Superior Court Judge William P. Mahedy Friday sent Crawford to county jail for one year, a sentence that made the grand theft of the police vehicle a misdemeanor.

Crawford pleaded guilty, admitting that he stole the car from the patio of the main San Diego Police Sation. He also admited wrecking it about 15 minutes later as he was being pursued by a police officer.

He also admitted six prior commissions of felonies. He has been in prison in Texas and California. The crimes were burglary or forgery rather than crimes of violence.

His Chula Vista address was 416 Third street at the El Primero Hotel.

Max Goodwin, publisher of the Lemon Grove Review, was given as a reference by Crawford. He wrote in return:

"I haven't seen William Crawford sober so I don't know whether it serves public interest best to have him out.

"He's a nice guy. He gets stoned and comes to my newspaper office and recites poetry to me until I run him out.

"I can't convince him I sincerely dislike poetry—and poets.

"He's a good typewriter mechanic and has repaired my machines from time to time."

There Could Be No Lincoln Today

Abraham Lincoln could not have achieved immortality if he had been born to this generation suggests a writer in the current issue of **California Freemason.**

Paraphased slightly, the writer says that Abraham Lincoln, in his abject poverty, had he been living today, would have been supplied with books by the Rotary club; a good reading lamp from the Lions club; a new wooden floor for his cabin by the Kiwanis club, and suitable writing materials by the Soroptimists.

He would have been protected from his juvenile labors by the child labor board. A kindly philanthropist would send him to college with a scholarship.

A case worker would have seen that his father received his monthly check.

Abraham would have received a subsidy for rail splitting; another one for raising a crop he was going to raise anyway, and still another subsidy for not raising a crop he had no intention of raising.

Abe, who was proud of having been self-sufficient, would have to work harder today just to be left alone than he worked in supplying his needs in the 1800's.

'Bargain' Season is Here

Don't believe everything those mail order houses promise.

The San Diego Better Business Bureau, in concert with several others, decided to see what chance San Diegans take with their money when they succumb to big promisee, pretty pictures, and unbelievably low prices offered by some mail order firms.

With gardening a year-round activity here, many mail order houses offering gardening supplies and plants consider this land a bonanza for an easy buck.

Most mail order firms are reputable but the ones that are not were the subject of the BBB study.

For example, a midwestern firm advertised 100 tulip bulbs for $1.69. S.D. BBB, in concert with 16 other BBBs, bought and planted 2,734 bulbs. A leading S.D. nursery planted 356 at BBB instruction. Not one bloomed for the professional. The sum total of the entire effort was only slightly more comforting. In all, 72 yielded blossoms.

As a result of these tests the company agreed to a Federal Trade Commission order that prohibited misrepresentations in advertising.

Other offers which have hoodwinked local gardeners include the package of "gorgeous rose plants" which did not include any true rose plants, the "100 gladiolus bulbs" that turned out to be merely bulbets and the so-called "Living Rose Fence" that failed to live up to its glowingly advertised description.

There is another group of specialists who claim to be tree surgeons. These guys frighten the homeowner into paying ten dollars or more to save his tree from dying.

Treatment consisted of boring holes in the tree trunks and injecting "medicine." The otherwise healthy trees would have died after such treatments had not a professional horticulturist been called in as an afterthought. Additional cost was involved in filling the holes.

Other schemes that have been worked in the San Diego area in the past include the "tree trimmer" who offered to trim the trees of a Lemon Grove home owner for so much per branch and a "fertilizer" seller who offered to fertilize lawns at so much per basketload at "bargain" prices. When homeowners protested the amount of the final sky-high bill the swindler offers to let them count the branches stacked on the truck or already at the dump, or in the case of the fertilizer, challenges them to prove that the claimed number of loads were not applied.

Lawn sprinkler systems are becoming increasingly popular and although a majority of contractors are ethical, there has been an increase in fly-by-night operators. In Spring Valley, last year, several homeowners fell for the lure of "low" prices and paid money in advance for installations that were never completed, or find they have paid for inferior workmanship and materials and that entire jobs must be done over. Others, confronted with sprinkler system failure, have found it impossible to replace them or repair them with standard items.

Other schemes involve incompetent landscape "artists" who arrange your yard so that all drainage water collects under your house and lawn beautifiers who spray grass with a so-called "miracle" coat. It turns the lawn green, all right, but it washes away with the first rain.

These are samplings of continual operations to separate homeowners from their money.

Best advice: use good judgment based on your knowledge that "bargains" are predicated on something being left out.

Another advisory: Call your Better Business Bureau. It costs nothing and BBBs sole reason for existance is to protect you.

Congressman James B. Utt has protested the licensing of a "Topless Go-Go discotheque" for U.S. servicemen in Saigon.

In a letter to Defense Secretary Robert McNamara, Congressman Utt quoted a report in the Navy Times which said Redex-Vietnam, Inc. was "establishing the sort of club servicemen are used to at home but can't find in Saigon." A Washington D. C. spokesman, Richard L. Bast was quoted.

Bast said the firm would seek 10 to 25 American girls "of high calibre" to open the club in May.

Law Quirk Penalizes Couple. Van Deerlin Comes to Aid

WASHINGTON — An elderly San Diego couple has been forced to pay a $392 penalty, because of a quirk in the Medicare law, Rep. Lionel Van Deerlin, D-San Diego, said Wednesday.

The unusual hardship case will touch off a campaign to enact legislation to idemnify the couple, and also to prevent a recurrence of such episodes.

Financial troubles began for Mr. and Mrs. Nels O. Norem, of 3134 Nile st., when Mrs. Norem, 66, underwent emergency surgery last January at College Park Hospital in San Diego.

Mrs. Norem told Van Deerlin she was advised by the Social Security Administration that the bills for her operation and hospitalization would be paid by Medicare.

College Park is the only hospital in the San Diego area that has refused to agree to bill the Federal Government directly for all covered hospital services charged to Medicare beneficiaries.

Control Of TB Among The Aged Urged

Any substantial reduction in the number of deaths from TB in California depends upon control of the disease among the aged, Dr. Robert Rosen, Lemon Grove-Spring Valley area chairman of the Tuberculosis & Health Assn. of San Diego County, said recently.

According to Doctor Rosen, Dr. Lester Breslow, director of the state department of public health, so advised 130 TB experts from across the country attending a symposium on TB co-sponsored recently in Los Angeles by Christmas Seals.

Earlier in the year, Doctor Breslow had reported that tuberculosis was still California's leading killer among contagious diseases.

In 1940, more than half the deaths from TB in the state occurred in persons under the age of 45. Today, the picture is reversed, more than half the deaths occuring among those 65 or over, Doctor Rosen said.

This responsibility requires a renewed emphasis on professional education about TB, Doctor Rosen said.

Opening Tuesday is Neil Simon's comedy, "The Odd Couple" starring Jan Murray and Hal March.

The average person ate 38 pounds of chicken in 1965 as compared with 18 pounds in 1938.

Members of the Board of Regents
c/o Miss Marjorie J. Woolman, Secretary
589 University Hall
University of California, Berkeley

Dear Sirs,

We are writing to you regarding the chaotic conditions at our universities.

We are appalled at the following activities being allowed on our great university campuses.

1. Student demonstrations led by a minority against any idea or authority they disagree with.

2. Campus newspapers and bookstores dealing in vulgarity.

3. Professors organizing and leading students in demonstrations.

4. Permission granted to Bettina Apthekar, a member of the Communist Party, to use school facilities to educate the students in the aims and goals of the Communist Party through the Communist League.

All of the above is done in the guise of free speech. It is more like "Treason of Speech".

The situation is deplorable but even worse is that the Board of Regents voted to give Clark Keer his one thousand dollar a month residency fund and rehired him to teach at thirty thousands dollars per year.

Clark Kerr may have brought more students and buildings to the University of California at Berkeley, but he is far better known for allowing law enforcement officers to be trapped in their cars overnight and for his complete ineffectiveness as a Chancellor.

We send our children to college for education, not indoctrination in foreign ideologies. As Americans and parents we feel that we are being used as a mere source of funds to supply some educators and students the guise of freedom of speech to destroy our great American Society for which our fathers, husbands and sons have fought.

Some rebellious students have reached the point that they are running the universities and the Chancellor and members of the Board of Regents are standing by afraid to assert themselves.

The students only concern should be to obtain an education. The Board of Regents should see to it that the Chancellor enforces rules and regulations to maintain the highest educational atmosphere possible for all students.

We believe students should take part in constructive debates, conducting themselves like ladies and gentlemen. We love and honor our country and we expect all future generations to do likewise.

We want an end to student rebellion against authority, filthy speech, and professors who deal in indoctrination. We want a man as chancellor who is concerened with the true teachings of America and who will stop lies and distortions. We want a university administration that has courage and backbone to enforce regulations and we expect the Board of Regents to see that is done.

We request reforms and insist upon them immediately.

Respectfully,
LA MESA REPUBLICAN WOMEN'S CLUB, FEDERATED

Rotaryanne's Party Draws Forty-one

Forty-one Rotarians and Rotaryannes attended the first meeting of the Lemon Grove Rotaryannes Saturday at the home of Mr. and Mrs. Wiley Cornelius on Mt. Helix.

The evening was planned around an April Fool theme.

A pot-luck dinner, topped with fresh strawberry shortcake, was one of the evening highlights.

Another meeting is scheduled for June at the home of Mr. and Mrs. Roger Verbiest.

Beef production — the sale of cattle and calves — is the largest single agricultural cash commodity in California.

Californians eat about 135 pounds of beef a year per person, or more than one-third the national per capita consumption rate.

ENGAGED — Mr. and Mrs. Grant H. Marshman, 3202 South Bonita, Spring Valley, announce the engagement of their daughter Sandra Lynn to Robert J. Hamilton, the son of Mr. and Mrs. Robert C. Pancake Mountain Falls

A mountain of pancakes dwindled quickly at the Kiwanis Pancake Festival Saturday. Over 3,000 people were served.

The doors were open at 7 a.m., but at 6:30 the same night, people were standing in the rain waiting to get in under the wire.

Well over $2,000 was bought into the coffers from the many people who stood in lines to get a plate of hot pancakes and ham.

The project is part of the Peace Corps Partnership program. The proceeds of which are used to build school rooms in an underdeveloped South American community..

Bryon Netzley was project chairman and Paul Reynolds was ticket chairman.

The Kiwanians were assisted (in the dishwashing department) by the Mt. Miguel High School Key Club.

Wadie Deddeh Wins Post On Commission

Assemblyman Wadie Deddeh has been appointed to the Commission of the Californias by Assembly Speaker Jesse Unruh.

The appointment placed Deddeh on the commission which relates the state to its Mexican counterpart in a number of activities.

Since Deddeh's 77th district is contiguous with the international border, he occupies a strategic location for meaningful activities between the Californias.

Deddeh, a Democrat, will work under Lt. Gov. Robert Finch, a Republican, who is chairman of the southern section of the committee. Two other San Diego Assemblymen, Republicans Pete Wilson and John Stull, were simultaneously named to the commission with Deddeh.

94 Repairs Delayed For Three Weeks

Work on the new Highway 94 Freeway, from Merritt dr. to Kenora dr. is to be shut down for about three weeks, in order to overhaul some of the equipment, Allen Wrenn, resident superintendent, said last weekend. Paving of the four-lane strip should begin the latter part of June, weather permitting, Wrenn said.

How much safety do you want for your money?

Financial safety comes in all shapes and sizes. There are safe investments and risky investments—and ones that are in between. Depending upon how much risk you want to take, your money can be invested in a variety of ways.

Your savings, however, are another thing. This is money you do not want to *risk*—no matter how safe the investment appears. This is money you want to be able to count on at all times and under all conditions. And when you want your money that safe and that available—*you want it in the bank.*

Charger Speaks At Bobbysoxer Opening

Herb Travenio of the San Diego Chargers will speak at the opening day ceremonies of the SV Bobbysox League tomorrow.

Because of the rain, the opening ceremonies of the Spring Valley Bobby Sox League, at Bancroft School grounds, was postponed from Saturday, April 1 to Saturday, April 8 at 11 a.m. However, the 1967 season is already under way, according to Mrs. Winnie McPherson, publicity chairman.

Because of an oversight, the name of Richard Schlemmer was omitted in last week's bulleting. He is coaching the Spring Valley Rotary Club's team, a major team. His wife, Joan is manager of the same team, and a sister-in-law, Ellen, is an assistant coach.

Griffins Hit .500

Grossmont College's baseball team remains in first place in the Pacific Southwest Conference standings with a 5-1 record, last Saturday's doubleheader with Palomar was rained out.

The two games were to made up last Monday and Tuesday.

The Griffins were on the road Wednesday for a conference game with Mira Costa.

Grossmont's next game won't be for a week after the Mira Costa encounter when the Griffins meet Palomar for the third time on April 12 on the Comets' diamond.

Coach Noel Mickelsen's nine reached the .500 mark again this season last week when they nipped the Marines, 6-5.

Greg Mattinson had a good day at the plate for the Griffs. He homered in the top of the second for one run, then singled in the winning run in the seventh.

Five players are hitting above .300 for the Griffs. They include Glen Shoemaker, Al Hamilton, Greg Mattinson, Cal Meier and Gary Mattinson.

Staff Recruiting At A Standstill

Recruiting of additional staff for academic year 1967-68 at Grossmont College, except for replacement of present personnel, has come to a standstill.

"We can do nothing about hiring additional instructors for next year until we know the outcome of the tax override election on April 18," said Erv Metzgar, vice president for Instructional Services at the college.

"Under the California Master Plan for Higher Education, the state colleges and universities are intended to decrease their enrollment of lower classmen, with the junior colleges picking up the load. We know that enrollment next eyar at Grossmont College will be up several hundred students over this year and that without the passage of the standby tax authority and the hiring of additional instructors our classes will be overloaded to the point where the student-instructor ratio will be below minimum standards for quality education," he added.

"With the possibility of the state colleges and universities increasing their student fees coupled with the traditional "open door policy" of California junior colleges, the impact of high school students on the junior colleges will be ever more pronounced for the next two or three years," Metzgar concluded.

GC Track-Field

Grossmont College's track and field squad picked up a pair of dual meet victories last week at Imperial Valley trouncing IVC, 96-39, and smothering Mira Costa, 133-2.

Coach Ron Vavra's Thinclads are currently leading the Pacific Southwest Conference with a 3-0 league record and a 7-0 season mark.

The Griffins will entertain Palomar College on Friday at 2:30 p.m. in hopes of keeping a clean slate.

Grossmont has been very strong in the running events—sprints and long distances—and have improved vastly in the middle distances, which may explain why the Griffs are leading the conference.

Field event standouts include Rick Olander (15-7¼) in the pole vault, Dennis McClanahan (148-7) in the discus and Bill Speckman (190-7) in the javelin.

The Griffins now have two sprinters in the 9.7 second bracket for the century. Byron Olander set the mark earlier this season and Don Evans ran it in 9.7 last week in the three-way meet with IVC and Mira Costa, with the help of strong desert winds.

Casa de Oro Trio: The Golden Three are first with 28 wins and 12 losses; and creeping up is De-Constructors with 27½ wins and 12½ losses.

The word "ver" means "to see". It may be used in the phrase "Yo deseo ver." (I want to see.). If the "r" is dropped from the ending "ver" and is replaced by an "o," the word becomes "veo" which means "I see."

Notice that the expressions "Yoveo." and "Veo." have the same meaning; 'I 'see." In the first case, the word "Yo" is used and in the second case it is not. "Yo" means "I."

In ordinary conversation "Yo" is frequently omitted. In these cases the verb, by itself, expresses th complete idea The verb ending of "o" identifies the understood subject "Yo."

Another example is represented in the word "desear" which means "to want." By taking away the verb ending "ar" and replacing it with "o," the word becomes "deseo" which means "I want."

To The Outside World

by Kathy Powell

Mount Miguel has a bright future, indeed, as far as coming events go. In the next few weeks the Matadors can look forward to a variety of new things.

One of the main attraction will be Mount Miguel's 10th annual Leadership Conference to be held April 21 and 22 a Camp Cuyamaca. Present wi be members of this year's an next year's student governi ment class and a group of 8 students selected from the petitions they turn in expressing a desire to attend. The purpose of his meeting will be to plan and discuss procedures for next year. Also attending will be various faculty members along with some of the administration.

Girls in Les Modernes are now preparing their annual modern dance concert to be presented April 14 in the Lemon Grove junior high school. Along with the preparation has gone a flurry of mending and darning to get their outfits ready for the performance. Holy tights!!!

El Trov's club class has elected its staff and has plans to produce an eight-page paper. Congratulations to Ben Sele, editor-in-chief; Becky Parsons, news editor; Darlene Jackson, editorial page editor; Betty John, feature page editor; Terry Torgerson, sports editor; Gerry May, ad manager; Sharon Walls, business manager; George Wheeler and Rick Greene, photographers. Mount Miguel awaits your edition.

With the end of the year swiftly approaching, grade point averages have to be considered in order to determine Mount Miguel's valedictorian and salutatorian. The results awarded the highest honor to Gwen McGarvey, who has maintained a 4.0 average throughout high school, and Claudia Mansfield holds the second place with a 3.9 average. Congratulations to both of you. Better start working on those speeches.

Helix High's Highland Notes

by Shauna McGregor

Tomato aspic and other delectables were featured at a potluck dinner for Quill and Scroll members recently. Quill and Scroll is a national juornalist society for high school students. Some 30 members attended. After the dinner, membership cards and pins were handed out.

Would you believe it's election time again? Yes, Helix has just barely recuperated from ASB elections only to face the reelection of next year's class officers. Petitions were taken out last week and voting is being held this week.

Highland lassies are opening up their sewing machines and preparing to sew shifts for themselves and matching shirts for their boyfriends. The occasion? It's the Hula Hop—our annual Hawaiian dance which will be held one week from Friday.

It looks like the parents of Helix students are going back to school tomorrow night. Actually, our parents will be attending the PTA open house which promises to be both interesting and informative.

Typewriters are being worked fast and furiously as members of Helix's newspaper staff prepare for competition to be held Saturday at State College. Some 42 high schools from San Diego county will also compete.

Open Door Opens Sat.

A one-act play, "The Feast of Ortolons" by Maxwell Anderson, will be presented Saturday at The Open Door at 9960 Main st., Lakeside.

The idea of the Open Door is to encourage patrons to exchange ideas concerning presentations as they sit in small groups around tables in the theatre.

Sponsors refer to it as the Open Door for Dialogue and say its purpose is communication through the arts.

The show will be presented at 8 p.m.

California has one elementary school teacher for each 33 pupils, compared to one teacher for each 25 pupils in New York.

Nick Kurtz, a missionary to the Philippine Islands, will be the speaker at this Sunday's morning worship service at 11 a.m. Kurtz spent some time in the Islands while in the Navy a few years ago, and said he had a "call" to return.

"Let's Go Fishing with Jesus," will be Rev. Robert Millspaugh's message at the Sunday, 7 p.m. service.

CdeO Cadettes Present Show

Casa de Oro Cadette Troop no. 511, will present a variety show, "Cadettes '67" at Spring Valley Junior High School Auditorium, tomorrow, from 7 to 8:30 p.m. Mrs. Rhoda Gerdes, leader, says the show is entirely the work of the girls, Lynette Jackson, Kathy Lindy, Jeanne Smith, Eileen Harriman, Louise Gerdes, Maren Moebius, Barbara Ranson, and Tracey Maxwell who attend eighth grade at Spring Valley Junior High.

Featured in the performance will be folk singing and dancing, a flag ceremony, fashion show, and a one act play "The Lucky Director".

Assisting the cadettes backstage are Mrs. John Ranson, co-leader, and Mrs. Clifford Smith.

TIME CAPSULE for future generations is placed in the foundation of the Mt. Miguel High School stadium now under construction. Shown cementing the capsule in place are (left to right) Mila Bulat, 16, ASB School vice-president for 1968, Larry Skeels, 16, ASB School president for 1968, Mr. George Gray, ASB advisor, Janet Wache, present ASB secretary and Dale Isen, present commissioner of finance. Other ASB members in the background look on. The capsule contained pep ribbons from sports events, senior beanies, '67 class buttons, football programs, newspaper clippings and the traditional candle passed on by commissioners. Each member contributed a small item to the capsule.

Federal Jobs To Pay $19,000

Applicants to fill top-level administrative and management positions in Vietnam at civilian salaries ranging up to $19,000 are being sought by the U. S. Agency for International Development (AID), with recruitment being handled through California State Employment Service offices.

The immediate need, according to Dr. William A. Nighswanger, AID consultant for Far East Recruitment, is for twelve provincial representatives or assistant provincial representatives; five management analysts, and 30 public administration advisors.

The pay scale, depending on qualifications and prior earnings, ranges from $6,500 to $19,000 a year for the provincial representatives; $11,000 to $18,000 for management analysts; and $10,000 to $17,500 for the public administration advisors. In addition, a 25 percent overseas differential is paid.

The provincial representative works directly with a Vietnamese province chief as a joint U.S.-Vietnam team, planning for and directing pacification and rehabilitation. Experience asked of applicants is prior overseas work in developing countries or public administration experience at the local level. Job specifications call for "a talented, versatile, and tough individual." Young college graduates, particularly with Peace Corps experience, are especially sought for assistant positions.

Local Women Elected By Legion Auxiliary

Mrs. Roscoe Duley of La Mesa has been elected president of the Past President's Club of the La Mesa United no. 282 American Legion Auxiliary.

Mrs. Paul McDonald of Spring Valley is first vice president, and Mrs. Ernest Smith, of Lemon Grove is sergeant at arms and chairman of the drill team.

Purpose of the Past President's Club is to assist in providing funds for Nurses Scholarships and to aid and assist disabled ex-Service women.

The club will send $150 to the California Department Nurses Scholarship Fund.

Plans were also formulated for the annual luncheon card party which is sponsored by this group to help finance their scholarship programs.

SERVICE NOTES

Captain Larson

If the Communist MIG fighters that Air Force Captain Gerald D. Larson of Jamestown, N.Y. encountered in the skies over North Vietnam had known they were tangling with one of the Air Force's top test pilots, they probably would have retreated sooner than they did.

However, it didn't take them long to discover they had a bigger job than they could handle.

For his heroic achievement in routing six enemy aircraft, Captain Larson has received one of the highest U. S. decorations for gallantry in combat, the Silver Star. During a ceremony at Nellis AFB, Nev., he also was presented eight additional awards of the Air Medal.

The captain, who has been selected for promotion to the rank of major, is the son of Mr. and Mrs. Gilbert N. Larson, 114 Livington ave., Jamestown.

Captain Larson earned the Silver Star for his courgeous action during an F-4C Phantom II fighter-bomber mission deep inside enemy territory. When the captain sighted the pilots flew their aircraft from her decks on a successful air strike on an ammunition depot at Hon Gai, some 25 miles northeast of Haiphong, in North Vietnam.

the country.

MIGs attacking a flight of F-105 Thunderchiefs he took action.

Although outnumbered, he led his flight of three aircraft against the enemy pilots.

In an aggressive attack, the captain's flight scared the MIGs and scattered the formation. As a result of his courageous leadership and aerial skill, four flights of strike aircraft continued unmolested.

Flying flak suppression during a later air strike against a petroleum storage area, the F-4C aircraft commander and his flight came under intense ground fire and became targets of nine surface-to-air missiles. By expert maneuvering and weapons delivery, the captain and his fellow airmen inflicted heavy damage to the enemy.

On the back of a free wallet-sized plastic calendar for 1967, the American Cancer Society reminds that the time to stop smoking is now. The Society says that stopping the habit can lead to longer life.
